

Notes from our Customers

To All Norris Mechanical Employees,

Jerry and I want to thank you and all your people for the fantastic job they did on our air conditioning – Everyone was so professional and we are enjoying our “Cool” so much

Thanks again,

Jerry & Sylvia

Norris Mechanical,

Our system is wonderful. It keeps the temperature constant all day. We can't get over the difference in the air be breathe. Every time we leave and come back, we are amazed. It is a breath of fresh air.

Thanks to your technicians for doing a wonderful job. They didn't leave a scrap for me to get up.

Thanks,

Joe & Christy

Bruce and Keith,

Thank you for working so diligently to locate and obtain the central air units for us! Having these units will be such a help to us. We look forward to doing further business with you in the future.

Best regards,

Joyce

You have a group of young men who know their job and do it well –

They are very nice and want to please.

Thanks again,

Mrs. M

These are just a few of the notes of appreciation Norris has received over the past years. We usually put them up on the employee bulletin board for everyone to see.
